## Chicago Lustre® Viburnum

*Viburnum dentatum* 'Synnestvedt'

An excellent clonal selection of a versatile landscape shrub, with beautiful glossy foliage and consistent ornamental character.

---

### Botanical Name

*Viburnum dentatum* 'Synnestvedt'

### Family

Caprifoliaceae

### Common Name

Chicago Lustre® Arrowwood Viburnum

### Origin

Selected from the collections of The Morton Arboretum by Ralph Synnestvedt, Sr. of the Synnestvedt Nursery Company, Round Lake, Illinois.

### Hardiness

U.S.D.A. Zone 3

### General Description and Habit

A deciduous, multi-stemmed shrub with a uniform, upright-rounded habit.

### Size

Grows 10' to 12' in height with an 8' to 10' spread in 10 years.

### Growth Rate

Medium

### Ornamental Characteristics

#### *Foliage*

Glossy, medium green to dark green, with short, pubescent petioles.

#### *Flowers*

Creamy white, 3" to 3 1/2" in diameter, mid- to late June.

### *Fruit*

Dark metallic blue to blue-black clusters of berries, September to October.

### *Fall Color*

Insignificant. Occasionally light yellow with orange tints.

### Culture

Easily transplanted B & B or from containers. Adapts well to a broad spectrum of soils in full sun or partial shade. Excellent heat and drought tolerance. Extremely wet sites should be avoided.

### Pest and Disease Resistance

Excellent. No serious problems observed.

### Landscape Value

Excellent in shrub borders, groupings, hedges and screens or naturalized with native ornamentals to attract wildlife during fruit set.

### Propagation

Softwood cuttings.

Chicagoland Grows® is a nonprofit corporation of the Chicago Botanic Garden, The Morton Arboretum and the Ornamental Growers Association of Northern Illinois (OGA).

The Chicagoland Grows® Plant Introduction Program is dedicated to the selection, evaluation, production and marketing of recommended and new plant cultivars. Plants selected for the program have proven to be adaptable to the Midwest and are made available to the commercial and retail landscape industry through an international network of growers and propagators.

For more information, please contact Chicagoland Grows®, 1000 Lake Cook Road, Glencoe, IL 60022 (847) 835-8301.
