

# Raspberry Lemonade™

**Physocarpus opulifolius 'ZLEYel2' PPAF**

Nothing subtle about the flavor of this shrub! Chartreuse foliage, white flowers and coral fruits will make any corner of your landscape pop out! But although the colors are larger than life, the plant is not. Maturing at 4 ft tall and with small delicate leaves, this Lemonade comes by the pint.

**Size:** 4 ft wide by 4 ft tall

**Hardiness:** Zones 3 to 7

**Plant in:** Full sun, average well drained soil

## Sweet Cherry Tea™

**Physocarpus opulifolius 'ZLEBic5' PPAF**

A re-blooming ninebark! First appearing in spring, the soft pink flowers encore in mid summer set off by dark, delicate foliage and reddish orange new growth. Because of its freely branching habit, less shearing is needed for this exceptional new shrub.

**Size:** 4 ft wide by 4 ft tall

**Hardiness:** Zones 3 to 7

**Plant in:** Full sun, average well drained soil

Pot-grown liners of Exceptional Shrubs like these are available from Richey Nursery Company
